DRILLING FLUIDS

Elevate mining operations with our in-house drilling fluids. Our tailored solutions optimize efficiency, delivering superior performance. From robust lubricants to eco-friendly options, our high-quality products exceed expectations. Partner with us to unlock your drilling potential.

STEEL CASINGS

Being the market leader supplying steel casings to the drilling and mining industry alike, all our clients will receive a well-priced product that is readily available. Our steel casings are designed to meet the rigorous demands of the drilling and mining industry. We use only the highest quality materials and manufacturing techniques to ensure that our casings are strong, durable, and able to withstand the harsh conditions typically found within the mining environment. Our casings are available in a range of sizes and configurations to meet the specific needs of our clients.

PVC PIPES

AF Mining also boasts a wide range of high-quality PVC pipes, manufactured to satisfy the highest standards of our clients. With our reach into the PVC manufacturing industry, AF Mining is in a position to supply offerings tailored to our client's needs.

STEEL PIPES | TUBING | CONNECTORS | FITINGS

We also offer a wide range of other steel supplies into the mining industry. These include seamless steel pipes, steel tubing, connectors, and fittings, all of which are designed to provide reliable and long-lasting performance in the challenging conditions of both surface and underground mining operations.

SCAFFOLDING

Our scaffolding manufacturing partnership, ensures that you will receive top tier products, comfortably positioned within a competitive environment, to suite your needs practically and commercially.
